

CRIOCM 2026

The 31st International Symposium on Advancement of Construction Management and Real Estate

13 - 18 July 2026 | Sydney, NSW | Australia

Experience six days of insight, innovation, and intense networking experiences at **CRIOCM 2026**, the 31st edition of the leading international symposium on construction management and real estate. Connect with global experts, explore the latest research, and contribute to forward-thinking discussions across keynote speeches, technical sessions, and collaborative panels.

This year's conference is proudly hosted in Australia by the **China Research Institute of Construction Management (CRIOCM)**, in partnership with **Western Sydney University**, including its **Centre for Infrastructure Engineering**, the **School of Engineering, Design and Built Environment**, and the **ARC Training Centre for the Digital Platform for Net-Zero Lifecycle Ecosystem (NØBEL)**.

Why Attend CRIOCM 2026?

- Network with a global community of academics, practitioners, and industry experts
- Engage in high calibre discussions across four interdisciplinary theme streams
- Contribute to impactful research outcomes, including consideration for publication in Lecture Notes in Operations Research (Springer)
- Enjoy a unique conference at Western Sydney University, combining world-class research with stunning destinations and exceptional networking

Launch of NØBEL

The conference will officially launch **NØBEL**, marking Western Sydney University's leadership in sustainable infrastructure research and training. This initiative brings together experts from academia, government, and industry to support Australia's net-zero goals across industrial lifecycles.
